

Hello,

If you receive this letter, it's to take part to the **ideal exhibition** from your home.

By clicking on the link and entering the password below, you will access a series of videos.

The first two will explain to you what is an **ideal exhibition**. The following ones will give instructions to carry out real works of art.

Create the ones that inspire you. Do them in **YOUR** own way, using the colors **YOU** want, alone or with family, eyes open, eyes closed, in a day or a week, make it tiny or make it huge...

When you're done, have your own artshow **like in a real museum**: in your bedroom, dining room, at your window or even in a notebook.

Don't forget to take pictures of your exhibition!

To take inspiration from existing ideal exhibitions, you can click [here](#).

To access the videos:
