The Challenge

n. 1

Museum challenge

Are you ready to tackle our crazy drawing challenge? Put yourself to the test, drawing some of the subjects we've selected from the Gallery's collection.

First draw. Choose a subject and start drawing. You can do it at home, before the visit, or in the Gallery largest rooms.

You can't get it wrong, the possibilities are infinite. Use the paper as you like: vertical, horizontal, diagonal. Draw one line, or one hundred. But take your time to think: every mark you make, even a scribble, represents a choice – your choice!

Then look. Compare the solution you found to the challenge, to the solutions found by ancient masters.

Have fun!
